A Musical, Visual and Dramatic Adaptation of Bertolt Brecht's  
"The Resistible Rise of Arturo Ui"

April 29th 7:00 p.m. Olin Auditorium

# UI

Written in three weeks in 1941, during Bertolt Brecht's exile in Finland, *The Resistible Rise of Arturo Ui* satirizes Hitler's rise to power. A brilliant parable, this play is at once a trenchant retelling of the past and a serious warning for the future.

This is a play about politics, political behavior, society and circumstance.

*Ui* challenges people to think twice about who they choose as their leader. As demonstrated in the play, a businessman, politician, mob boss, or even a petty no-name from the Bronx can transform himself into a "worthy" leader, thereby gaining the favor of the populace. *Ui* examines the notion that this could happen anywhere at anytime.

## Cast: (In order of appearance)

Dulfeet / Reporter

Zoltan Peterecz

*Businessmen,  
directors of the cauliflower trust:*

Flake  
Butcher  
Mulberry  
Caruther  
Clark
