Editorial:

Each year America salutes its Villains and Fools. We find the most ghoulish outfits to represent the most despicable traits of the human personality. But the Halloween imagination fails to depict subtler role types we all play, such as the "good Joe" who is easy-going and never works too hard, or the "smart operator" who gets his cake through other peoples' efforts, or the "hider-thous individual" who builds his ego with scorn.

All of us play roles.
On Halloween perhaps we should stop to examine ourselves and discard the roles which hinder meaningful interaction.

SENATE

By Wayne Buhms

This week's Senate meeting was filled with the usual debate and discussion. The Senate is currently deliberating over several key issues, including the proposed budget and legislation to address climate change.

The budget proposal, introduced by Senator Smith, aims to reduce government spending by 10% and increase taxes for corporations. The legislation to address climate change, introduced by Senator Jones, proposes a 50% reduction in greenhouse gas emissions by 2030.

Senator Brown and Senator Lee have been leading the debate on these issues. Senator Brown, a strong proponent of the budget proposal, argues that it will help the economy by reducing the national debt. Senator Lee, on the other hand, believes that the legislation to address climate change is necessary to protect the environment for future generations.

The Senate is expected to vote on these proposals in the coming weeks.
The FIFTH AVENUE PEACE PARADE COMMITTEE isn’t headquartered on Fifth Avenue, its address is 17 E. 17th St. (255-1073). But the Committee is in some damn good things on Fifth Avenue (and elsewhere).

If you think you ought to be passive in this election, the Committee is for you. You might write H.O.P.E. (Help Organize People Early), Box 353, Times Square Station, NY 10036. They will send you a little green button pushing Teddy Kennedy in ‘72. But if you aren’t satisfied with Humphrey-Nixon-Wallace and you want to let somebody know, get in touch with the Peace Parade Committee. They have already mounted major picket lines against Humphrey and Wallace—the latter, last Thursday, turned into a medium-sized brawl.

Tonight, since it’s Halloween, seems a good time to give Dick Nixon a treat. He is speaking at Madison Square Garden (8th Ave., 31st-33rd St.), Join the picket line there between 7 and 8:30 pm.

If you can’t get to the City in time for that, don’t worry. There are other opportunities. On Saturday, Nov. 2, the Committee plans a giant picket line from Nixon headquarters (57th & Park) at 1 pm, to Humphrey headquarters (62nd & 5th) to a mass rally (44th and Park) at 2:30 pm.

On Sunday, Nov. 3, for $4, you can take a bus from the City to glamorous Pl. Dix, NJ, and join in a picnic and be-in with the GPs. Bring your own lunch. Call the Committee for information. They will also tell you about opportunities for picketing and leafleting on Election Day, if you’re so inclined.

The LIVING THEATER is going on a 5-month cross-country tour. They are having some difficulties getting organized, however. Chiefly, Judith Malina and Julian Beck need a baby-sitter (male or female) for their 14-month-old daughter. Pay is the same as for an apprentice actor, and you should be able to wangle your way into the company proper, if you’re good. Call Beverly Landau at 212 CH 3-9000. The company goes on the road this week, so do not wait too long to call.

One final note. This is especially for Bill Gottlieb, but I’m sure he’s not the only one who will enjoy it: on March 17, 1969, at The Scene (301 W. 46th), JERRY LEE LEWIS will make his comeback. It’s one night only, and his only NY appearance. There’s nothing else to say. . . .
